School Report Card | 2013-14 | Summary

Overall Accountability Score and Rating

Exceeds Expectations

| Overall Accountability Ratings | Score |
|------------------------------------|---------|
| Significantly Exceeds Expectations | 83-100 |
| Exceeds Expectations | 73-82.9 |
| Meets Expectations | 63-72.9 |
| Meets Few Expectations | 53-62.9 |
| Fails to Meet Expectations | 0-52.9 |

| Priority Areas | School Score | Max Score | K-8 State | K-8 Max |
|---|-----------------|-----------|-----------------|---------|
| Student Achievement | 62.7/100 | | 67.1/100 | |
| Reading Achievement | 24.7/50 | | 29.7/50 | |
| Mathematics Achievement | 38.0/50 | | 37.4/50 | |
| Student Growth | 69.1/100 | | 62.7/100 | |
| Reading Growth | 37.4/50 | | 31.6/50 | |
| Mathematics Growth | 31.7/50 | | 31.1/50 | |
| Closing Gaps | 75.3/100 | | 66.6/100 | |
| Reading Achievement Gaps | 37.1/50 | | 34.0/50 | |
| Mathematics Achievement Gaps | 38.2/50 | | 32.6/50 | |
| Graduation Rate Gaps | NA/NA | | NA/NA | |
| On-Track and Postsecondary Readiness | 88.7/100 | | 88.3/100 | |
| Graduation Rate (when available) | NA/NA | | NA/NA | |
| Attendance Rate (when graduation not available) | 76.2/80 | | 75.3/80 | |
| 3rd Grade Reading Achievement | 4.7/10 | | 5.8/10 | |
| 8th Grade Mathematics Achievement | 7.8/10 | | 7.2/10 | |
| ACT Participation and Performance | NA/NA | | NA/NA | |

| Student Engagement Indicators | Total Deductions: 0 |
|--|------------------------|
| Test Participation Lowest Group Rate (goal ≥95%) | Goal met: no deduction |
| Absenteeism Rate (goal <13%) | Goal met: no deduction |
| Dropout Rate (goal <6%) | Goal met: no deduction |

School Information

| | |
|----------------------------------|-------------------|
| Grades | K4-8 |
| School Type | Elementary School |
| Enrollment | 1,027 |
| <i>Race/Ethnicity</i> | |
| American Indian or Alaska Native | 0.0% |
| Asian or Pacific Islander | 0.1% |
| Black not Hispanic | 0.1% |
| Hispanic | 97.2% |
| White not Hispanic | 2.6% |
| <i>Student Groups</i> | |
| Students with Disabilities | 8.3% |
| Economically Disadvantaged | 76.8% |
| Limited English Proficient | 19.1% |

Wisconsin Student Assessment System Percent Proficient and Advanced

Includes Wisconsin Knowledge and Concepts Examination (WKCE) and Wisconsin Alternate Assessment for Students with Disabilities (WAA-SwD). WKCE college and career readiness benchmarks based on National Assessment of Educational Progress.

State proficiency rate is for all tested grades: 3-8 and 10

Notes: Overall Accountability Score is an average of Priority Area Scores, minus Student Engagement Indicator deductions. The average is weighted differently for schools that cannot be measured with all Priority Area Scores, to ensure that the Overall Accountability Score can be compared fairly for all schools. Accountability Ratings do not apply to Priority Area Scores. Details can be found at <http://reportcards.dpi.wi.gov/>.

This report serves for both school and district accountability purposes for this school.

Bruce Guadalupe | Bruce Guadalupe

School Report Card | 2013-14 | Notes

Priority Areas

- **Student Achievement** measures the level of knowledge and skills among students in the school, compared to state and national standards. It includes a composite of reading and mathematics performance by the "all students" group in the Wisconsin Student Assessment System (WSAS) for all tested grades in the school.
- **Student Growth** describes how much student knowledge of reading and mathematics in the school changes from year to year. It uses a point system that gives positive credit for students progressing toward higher performance levels, and negative credit for students declining below proficiency.
- **Closing Gaps** provides a measure that reflects the statewide goal of having all students improve, while narrowing the achievement and graduation gaps between groups of students. This measure acknowledges districts that raise the performance of traditionally lagging student groups, contributing to the closure of statewide gaps.
- **On-Track and Postsecondary Readiness** indicates the success of students in the district in achieving educational milestones that predict postsecondary success. It includes the graduation rate and the attendance rate, as applicable to the district. It also includes measures of third-grade reading and eighth-grade mathematics achievement, and ACT participation and performance, as applicable to the district.

Student Engagement Indicators

Student Engagement Indicators are measures outside the four Priority Areas that affect student success or the soundness of the report card. Each indicator has a goal, and schools that fail to meet that goal receive a point deduction from their Overall Accountability Score. Goals were set by looking at statewide data and establishing thresholds that identify schools contributing the most to lowering Wisconsin's overall performance in the areas below.

- **Test Participation Rate:** Every school has a goal of 95% participation in the Wisconsin Student Assessment System (WSAS). The school's performance is measured by the participation rate of the lowest-participating student group. If this rate is less than 95%, but at least 85%, five points are deducted from the school's overall score; if this rate is less than 85%, 10 points are deducted.
- **Absenteeism Rate:** This indicator describes the proportion of students in the school who attend school less than 84.1% of the time. If the absenteeism rate in the school is 13% or more, five points are deducted. The absenteeism rate is different from the attendance rate because it measures students who are absent from school a certain amount of time, not how often students are present in school.
- **Dropout Rate:** The goal for all middle and high schools is to have a dropout rate of less than 6%. A school not meeting the goal has five points deducted from its score. Note that dropout rate is not the opposite of graduation rate. A dropout rate includes any student who leaves school in grades 7-12 without expecting to earn a high school diploma, while a graduation rate counts students who earn a high school diploma within a certain time (four or six years) after starting ninth grade.

Notes on this School Report Card

- The data presented in this report card are for public, state, and federal accountability purposes.
- Student performance on the Wisconsin Student Assessment System (WSAS) is the foundation of this report. WSAS data include results for both the Wisconsin Knowledge and Concepts Examination (WKCE) and the Wisconsin Alternate Assessment for Students with Disabilities (WAA-SwD).
- Starting in 2011-12, schools are held to a higher college and career readiness proficiency benchmark by aligning the cut scores of the WKCE to those of the National Assessment of Educational Progress (NAEP). These higher cut scores have been retroactively applied to show trends. The higher cut scores only apply to WKCE Reading and Mathematics scores, not the WAA-SwD, at this time.
- Some supplemental data that are not used for accountability calculations are presented in this report card for informational purposes in order to provide context. Additional data on student performance are available here: <http://wisedash.dpi.wi.gov/>.
- To protect student privacy, data for groups of fewer than 20 students are replaced by asterisks on public report cards.
- NA is used when data are Not Applicable. For example, a school that does not graduate students will have NA listed for graduation results.
- The analytical processes used in this report card are described in the Technical Guide and Interpretive Guide: <http://reportcards.dpi.wi.gov/>.
- State comparison scores shown on page 1 are shown for context only. They are not used to determine this school's score or rating.

School Report Card Detail | 2013-14 | Student Achievement

Student Achievement

What is the purpose of this Priority Area?

The purpose of this Priority Area is to indicate how the level of knowledge and skills for students in the school compares against state and national standards.

What is being measured?

This measure is a composite of reading and mathematics performance-level profiles for the "all students" group in the Wisconsin Student Assessment System (WSAS) for all tested grades. The score is based on how a school's students are distributed across the four WSAS performance levels, and it takes three years worth of test data into account.

What can the report card data tell us?

Beyond a school-wide score for Student Achievement, the report card shows the distribution of students across the four WSAS performance levels for the most recent three years.

Readers can use these data to compare this school against the state average and to see if the data reveal any short-term trends. Schools can use this information to help develop overall achievement goals to guide improvement efforts.

These data are also broken out by groups of students. Readers can evaluate the impact of group performance on overall school performance. They can identify particular groups of students who are having trouble or doing well.

What goes into the calculation of the Priority Area score?

The data used to calculate a Priority Area score can be found on the following pages. Some supplemental data are also included to provide context. The accompanying Technical Guide explains how to calculate accountability scores, including worksheets that allow users to calculate these scores. See: <http://reportcards.dpi.wi.gov/>.

Is the Priority Area score calculated for all students, for subgroups, or both?

The Student Achievement score is based on the "all students" group, not student subgroups.

| Proficient | 1.0 | 209 | 45.6% | 209 | 218 | 45.9% | 218 | 231 | 45.3% | 231 |
| Basic | 0.5 | 192 | 41.9% | 96 | 193 | 40.6% | 96.5 | 202 | 39.6% | 101 |
| Minimal Performance | 0.0 | 42 | 9.2% | 0 | 26 | 5.5% | 0 | 37 | 7.3% | 0 |
| Total Tested | - | 458 | 100.0% | 327.5 | 475 | 100.0% | 371.5 | 510 | 100.0% | 392 |

Notes

- Details on student achievement calculations can be found at <http://reportcards.dpi.wi.gov/>.
- Student achievement is based on Wisconsin Student Assessment System (WSAS) results for full academic year (FAY) students in all tested grades in the school.
- This report shows student performance in mathematics and reading in English.
- Points displayed in the tables above are weighted so that higher performance levels, larger numbers of students, and more recent years contribute more to the score for the Priority Area.
- Performance levels have been retroactively adjusted to align WKCE (but not WAA-SwD) results with National Assessment of Educational Progress (NAEP) college and career readiness benchmarks.

| Limited English Proficient | 50 | 0.0% | 48.0% | 42.0% | 10.0% | 82 | 6.1% | 48.8% | 41.5% | 3.7% | 116 | 2.6% | 35.3% | 46.6% | 15.5% |

Notes

- Performance levels have been retroactively adjusted to align WKCE (not WAA-SwD) results with new college and career readiness benchmarks based on National Assessment of Educational Progress (NAEP) performance levels.

Bruce Guadalupe | Bruce Guadalupe

School Report Card Detail | 2013-14 | Student Growth

Student Growth

What is the purpose of this Priority Area?

The purpose of this Priority Area is to give schools a measure that summarizes how rapidly their students are gaining knowledge and skills from year to year. In contrast to Student Achievement, which is based on the levels of proficiency students have attained, Student Growth focuses on the pace of improvement in students' performance. Student Growth treats all improvement, regardless of a student's starting point, as a positive.

What is being measured?

This measure is based on a point system that rewards schools for students' progress toward higher performance levels from wherever they started. The point system also deducts points for students regressing toward performance below the proficient level.

The measure most rewards schools showing rapid upward movement and having many students who are progressing. Also, the measure rewards schools that are already doing well and are maintaining the high performance of their students.

What can the data tell us?

Measuring growth is an important complement to student achievement when assessing school performance. How well students are learning is reflected both by their level of attainment and by their rate of improvement. In some cases, a school's performance in Student Achievement could be quite different than its performance in Student Growth.

The report card also provides Student Growth data for groups of students. Readers can determine the impact of groups' growth performance on overall school growth performance. They can identify particular groups of students that are having trouble improving or that are improving rapidly.

What goes into the calculation of the Priority Area score?

The data used to calculate a Priority Area score can be found on the following pages. Some supplemental data are also included to provide context. The accompanying Technical Guide explains how to calculate accountability scores, including worksheets that allow users to calculate these scores. See <http://reportcards.dpi.wi.gov/>.

Is the Priority Area score calculated for all students, for student groups, or both?

The Student Growth score is based on the "all students" group, not student subgroups.

Bruce Guadalupe | Bruce Guadalupe

School Report Card Detail | 2013-14 | Student Growth

Student Growth

Total Score: 69.1/100

Growing Toward a Higher Level:

The bold/green cells show the count and percent of students who are on a trajectory to gain at least one performance level over the next three years. These students contribute to a higher Student Growth score. Students maintaining the advanced level also result in a higher score.

Declining Below Proficient:

The italicized/red cells show the count and percent of students who are on a trajectory to decline to the Minimal Performance or Basic level within the next year. These students result in a lower Student Growth score.

Notes:

- Details on student growth calculations can be found at <http://reportcards.dpi.wi.gov/>.
- Student Growth is calculated separately for reading and mathematics.
- Student Growth can only be calculated for students who take the Wisconsin Knowledge and Concepts Examinations (WKCE) in two consecutive years.
- Student Growth does not include students who take the Wisconsin Alternate Assessment for Students with Disabilities (WAA-SwD) because that assessment does not allow for similar growth calculations.
- Performance levels have been retroactively adjusted to align WKCE reading and mathematics results with college and career readiness benchmarks based on the National Assessment of Educational Progress (NAEP) performance levels.
- High schools do not have Student Growth scores because they do not have two consecutive tested grades as required for growth calculations.

Reading Growth Score: 37.4/50

Reading Growth Score is based on the students tested in consecutive grades in fall 2012 and fall 2013.

Count and Percent of Students Growing or Declining in Performance Level

| Starting Level | | Three-Year Growth/Decline Trajectory | | | |
|---------------------|-------|--------------------------------------|--------------|--------------|-------------|
| | | Minimal Performance | Basic | Proficient | Advanced |
| Minimal Performance | 118 | 44 | 62 | 11 | 1 |
| | 29.1% | 10.9% | 15.3% | 2.7% | 0.2% |

| Limited English Proficient | 79 | 20 | 25.3% | <i>3</i> | <i>3.8%</i> | 79 | 14 | 17.7% | <i>18</i> | <i>22.8%</i> |

Notes

- Data in this table are based on students tested in consecutive grades in fall 2012 and fall 2013.
- “Growing Toward Higher Level” means students starting below Advanced and growing on a trajectory toward a higher level over the next three years. They are represented in the bold/green cells in the tables on this page and page seven.
- “Declining Below Proficient” means students starting at or above Proficient and on a trajectory to decline below Proficient within the next year. They are represented in the italicized/red cells in the tables on this page and page seven.
- Growing Toward Higher Level Count and Declining Below Proficient Count will not sum to Students with Growth Data because students who are not growing toward a higher level or declining below proficient are not shown.
- High schools do not have student growth scores because they do not have two consecutive tested grades as required for growth calculations.

Bruce Guadalupe | Bruce Guadalupe

School Report Card Detail | 2013-14 | Closing Gaps

Closing Gaps

What is the purpose of this Priority Area?

The purpose of this Priority Area is to provide a measure that reflects the statewide goal of having all students improve, while narrowing the achievement and graduation gaps between groups of students. This measure acknowledges schools that raise the performance of traditionally lagging student groups, contributing to the closure of statewide gaps.

What is being measured?

The growth in the proficiency rate of economically disadvantaged students, English language learners, and students with disabilities is compared against the growth in the state rate for each traditionally higher scoring comparison group. A supergroup is a group of 20 or more students that is comprised of at least two of the three target groups when those groups alone have fewer than 20 students. Supergroups allow more schools with small group sizes to be included in the accountability system. Black students, Hispanic students, Asian or Pacific Islander students, and American Indian or Alaska Native students are compared to White students statewide.

| School Target Group Point-Based Proficiency Rates | | | | | State Comparison Group Point-Based Proficiency Rates | | | | | Rate of Change | | Difference in Rate of Change | | |
|---|----------------|----------------|----------------|----------------|--|--------------------------------|----------------|----------------|----------------|----------------|----------------|------------------------------|---------------------|------------------------|
| Group | 2009-10 Points | 2010-11 Points | 2011-12 Points | 2012-13 Points | 2013-14 Points | Group | 2009-10 Points | 2010-11 Points | 2011-12 Points | 2012-13 Points | 2013-14 Points | | School Target Group | State Comparison Group |
| Example School Target Group | 0.351 | 0.480 | 0.593 | 0.452 | 0.678 | Example State Comparison Group | 0.793 | 0.811 | 0.825 | 0.846 | 0.846 | 0.201 | 0.050 | 0.151 |

The above is an example of the type of tables that are shown for this school on the next page. Schools are awarded points for raising test scores and/or graduation rates of target groups.

The chart to the right demonstrates how groups are compared. There is a trend line for both groups, measuring the rate of change in point-based proficiency.

If the target group's line (circles) is steeper than the comparison group's line, then the difference in rate of change (the rightmost column in the table) is higher. A large, positive difference in rate of change numbers indicates progress in closing gaps, resulting in a higher Closing Gaps score.

What can the data tell us?

This Priority Area shows whether the school is succeeding in helping lagging groups catch up. Closing Gaps scores can help explain whether factors affecting improved teaching and learning are affecting all groups equally.

What goes into the calculation of the Priority Area score?

The data used to calculate a Priority Area score can be found on the following pages. The accompanying Technical Guide explains how to calculate accountability scores, including worksheets that allow users to calculate these scores. See: <http://reportcards.dpi.wi.gov/>.

Is the Priority Area score calculated for all students, for student groups, or both?

The Closing Gaps score is based on student subgroups, not the "all students" group.

Notes - This Page and Prior Page

- Details on Closing Gaps calculations can be found at <http://reportcards.dpi.wi.gov/>.
- Closing Graduation Gaps is based on the four-year cohort graduation rate only. Closing Graduation Gaps will be based on both four-year and six-year cohort graduation rates when sufficient six-year graduation rate data become available.
- Closing Graduation Gaps is based on graduation data from prior years because current year data is not yet available. For example, 2013-14 report cards use 2010-11 through 2012-13 graduation data.
- Point-based proficiency rate is calculated by multiplying the number of advanced students by 1.5, proficient students by 1.0, basic students by 0.5 and minimal performance students by 0.0.
- Count of students for achievement calculations can be found in the Achievement Priority Area of the Report Card.
- If the group's average point-based proficiency rate or graduation rate is greater than or equal to 0.9, the rate of change is adjusted to be equal to the highest rate of change observed for that group at any school in the state. This will be indicated on the report card by the symbol "!". This is to ensure that schools with very high achievement are not penalized with low Closing Gaps scores for small increases in gaps.

About Supergroups

Supergroups are a way to look at closing gaps among groups of students that would ordinarily be too small to include. A supergroup is made up of all the students that belong to any of the groups in the supergroup:

- "All 3" Supergroup: students with disabilities and economically disadvantaged and limited English proficient students.
- "SwD-ECD" Supergroup: students with disabilities and economically disadvantaged students.
- "SwD-LEP" Supergroup: students with disabilities and limited English proficient students.
- "ECD-LEP" Supergroup: economically disadvantaged and limited English proficient students.

A supergroup is used to evaluate Closing Gaps only when there are fewer than 20 students in each of the individual groups within the supergroup, but more than 20 students in the supergroup. For example, if a school had fewer than 20 students with disabilities and fewer than 20 economically disadvantaged students, but more than 20 students when those groups are combined, the "SwD-ECD" supergroup would be used to evaluate Closing Gaps. Students are not double counted in a supergroup. In the example above, an economically disadvantaged student with a disability is only counted once in the supergroup.

Bruce Guadalupe | Bruce Guadalupe

School Report Card Detail | 2013-14 | On-Track and Postsecondary Readiness

On-Track and Postsecondary Readiness

What is the purpose of this Priority Area?

The purpose of this Priority Area is to give schools an indication of how successfully students are achieving educational milestones that predict postsecondary readiness for college and career.

What is being measured?

This Priority Area has two parts. The first part is either a graduation rate, for schools that graduate students, or an attendance rate for other schools. The second is a set of measures that include third-grade reading achievement, eighth-grade mathematics achievement, and ACT participation and performance, as applicable to the school. The scores for these two parts are added to produce the Priority Area score.

What can the data tell us?

Graduation rates measure a key education milestone. For schools that do not graduate students, attendance rates are used as a substitute indicator.

Third-grade reading ability is linked to high school performance, graduation, and college enrollment for Wisconsin students. Eighth-grade mathematics ability predicts success in high school mathematics. These are important metrics for schools to monitor.

The ACT exam is a widely used and trusted measure of readiness for college coursework. ACT results can help schools understand how well they are preparing students for credit-bearing coursework in college.

In the future, other indicators may be incorporated into this Priority Area as we find better ways to measure whether students are on the right trajectory for college and career readiness.

What goes into the calculation of the Priority Area score?

The data used to calculate a Priority Area score can be found on the following pages. Some supplemental data are also included to provide context. The accompanying Technical Guide explains how to calculate accountability scores, including worksheets that allow users to calculate these scores. See: <http://reportcards.dpi.wi.gov/>

Is the Priority Area score calculated for all students, for student groups, or both?

The On-Track and Postsecondary Readiness score is based on the "all students" group for Graduation, ACT Participation and Performance, Third-Grade Reading Achievement, and Eighth-Grade Mathematics Achievement, and based on the average of the "all students" group and the student subgroup with the lowest rate for Attendance.

Bruce Guadalupe | Bruce Guadalupe

School Report Card Detail | 2013-14 | On-Track and Postsecondary Readiness

On-Track and Postsecondary Readiness

Total Score: 88.7/100

2012-13 Attendance Score: 76.2/80

| Group | Enrollment | Attended Days | Possible Days | Rate |
|---|------------|---------------|---------------|-------|
| All Students | 825 | 135,092.0 | 141,534.0 | 95.4% |

2012-13 ACT Participation and Performance Score: NA/NA

| Group | Enrolled | Tested | | Met Reading Benchmark | | Met English Benchmark | | Met Mathematics Benchmark | | Met Science Benchmark | |
|--------------|----------|----------|---------|-----------------------|---------|-----------------------|---------|---------------------------|---------|-----------------------|---------|
| | Students | Students | Percent | Students | Percent | Students | Percent | Students | Percent | Students | Percent |
| 12th Graders | NA | NA | NA | NA | NA | NA | NA | NA | NA | NA | NA |

Notes

- Details on On-Track and Postsecondary Readiness calculations can be found at <http://reportcards.dpi.wi.gov/>.
- Schools that graduate students (high schools) earn a Graduation Score. Other schools earn an Attendance Score.
- Expected maximum dropout rate and expected maximum absenteeism rate were set based on an analysis of recent statewide data that determined a cut point to focus on schools contributing heavily to lowering Wisconsin's overall performance.
- Only schools with a 12th grade will earn an ACT Participation and Performance score.
- Only four-year and five-year cohort graduation rates are available for 2011-12 accountability. The six-year cohort rate will replace the five-year cohort rate for 2012-13 accountability and will be used going forward.

| Minimal Performance | 0 | 7 | 10.8% | 0 | 3 | 4.1% | 0 | 9 | 11.1% | 0 |
| Total Tested | - | 65 | 100.0% | 45.5 | 73 | 100.0% | 59 | 81 | 100.0% | 65 |

Notes

- Details on On-Track and Postsecondary Readiness calculations can be found at <http://reportcards.dpi.wi.gov/>.
- 3rd Grade Reading and 8th Grade Mathematics Scores are determined in the same way as for the Student Achievement Priority Area except that if there are fewer than 20 students in the most recent year, then the most recent two years of data are combined so that the cell size requirement is met.
- Student achievement is based on Wisconsin Student Assessment System (WSAS) results for full academic year (FAY) students.
- Points displayed in the tables above are weighted so that higher performance levels, larger numbers of students, and more recent years contribute more to the score for the Priority Area.
- Performance levels have been retroactively adjusted to align WKCE results with National Assessment of Educational Progress (NAEP) college and career readiness benchmarks.

Bruce Guadalupe | Bruce Guadalupe

School Report Card Detail | 2013-14 | Student Engagement Indicators

Student Engagement Indicators

Goals Met: 3/3

Both one-year and three-year rates are considered for Test Participation, Absenteeism, and Dropout rates. If either the one-year or three-year rate meets the goal then no points are deducted. The three-year rate is based on two years of data when three years are not available.

| Indicator | Goal | One-Year School Rate | Three-Year School Rate | Points Deducted |
|--------------------------------------|----------------|----------------------|------------------------|-----------------|
| Test Participation Lowest Group Rate | 95% or Greater | 99.8% | 99.9% | 0 |
| Absenteeism Rate | Less than 13% | 1.9% | 1.9% | 0 |
| Dropout Rate | Less than 6% | 0.0% | 0.9% | 0 |

Student Engagement Indicators Data

The lowest group test participation rate in the table below is used to determine whether the school met the Test Participation Rate goal. For a school to meet the participation goal, it must meet either the current-year goal or the three-year goal. To meet the one-year goal, each subgroup must have a one-year participation rate of at least 95% in both mathematics and reading. To meet the three-year goal, each subgroup must have a three-year participation rate of at least 95% in both mathematics and reading. Group performance for Absenteeism Rate and Dropout Rate is provided below for informational purposes only and is not used to determine whether these goals have been met.

| Group | Test Participation Rate | | | | | | | | Absenteeism Rate | | | | Dropout Rate | | | |
|----------------------------------|-------------------------|--------------|----------------------|------------------|------------------|--------------|----------------------|------------------|------------------|------|------------|------|--------------|------|------------|------|
| | One Year | | | | Three Year | | | | One Year | | Three Year | | One Year | | Three Year | |

| Limited English Proficient | 125 | 100.0% | 125 | 100.0% | 264 | 100.0% | 264 | 100.0% | 162 | 1.2% | 396 | 1.0% | 8 | * | 30 | 0.0% |

Notes

- Details on Student Engagement Indicator calculations can be found at <http://reportcards.dpi.wi.gov/>.
- All schools are expected to meet Student Engagement Indicator goals in these three areas. The overall accountability score is reduced by five points if Absenteeism Rate and Dropout Rate goals are not met. The overall accountability score is reduced by five points if the Test Participation Rate (for lowest group) is below 95%, and reduced by 10 points if below 85%.
- Test Participation Rate (for lowest group) is rounded to the nearest whole number before comparison with the goal. Absenteeism Rate and Dropout Rate are not rounded.
- Test Participation Rate is based on both the Wisconsin Knowledge and Concepts Examination (WKCE) and Wisconsin Alternate Assessment for Students with Disabilities (WAA-SwD).
- Absenteeism Rate is the percent of students who are chronically absent (absent at least 16% of the time).

Bruce Guadalupe | Bruce Guadalupe

School Report Card Detail | 2013-14 | Assessment Trends

School Results: Wisconsin Student Assessment System

The data below are provided for informational purposes only and are not used to calculate a school's Accountability Score. The data below include both WKCE (Wisconsin Knowledge and Concepts Examinations) and WAA-SwD (Wisconsin Alternate Assessment for Students with Disabilities) results.

Performance levels have been retroactively adjusted to align WKCE reading and mathematics results with college and career readiness benchmarks based on the National Assessment of Educational Progress (NAEP) performance levels. Performance levels for WAA-SwD have not been adjusted.

State Results: National Assessment of Educational Progress 2013

The National Assessment of Educational Progress (NAEP) is administered to 4th and 8th grade students every two years in a representative sample of schools nationwide. These data are provided for informational purposes only and are not used to calculate a district's Accountability Score.

| Group | 4th Grade Percent Proficient and Advanced | | 8th Grade Percent Proficient and Advanced | |
|-----------|---|---------|---|---------|
| | Mathematics | Reading | Mathematics | Reading |
| Wisconsin | 47% | 35% | 40% | 36% |
| Nation | 41% | 34% | 34% | 34% |

School Report Card Detail | 2013-14 | Annual Measurable Objectives

Annual Measurable Objectives

The U.S. Department of Education requires Annual Measurable Objectives (AMOs) for all students and student groups for reading proficiency, mathematics proficiency, high school graduation rate, and attendance rate. The data below are provided for informational purposes and are not used to calculate a school's Accountability Score.

Reading Proficiency

| Group | WSAS Proficient or Advanced | | | | | | AMO Target | Met Target |
|----------------------------------|-----------------------------|-------------------------|---------|-----------------------------|-------------------------|---------|------------|------------|
| | 2013-14 | | | 2012-13 and 2013-14 Average | | | | |
| | Students Tested | Proficient and Advanced | Percent | Students Tested | Proficient and Advanced | Percent | | |
| All Students | 511 | 144 | 28.2% | 986 | 245 | 24.9% | 42.7% | No |
| American Indian or Alaska Native | NA | NA | NA | NA | NA | NA | NA | NA |
| Asian or Pacific Islander | NA | NA | NA | NA | NA | NA | NA | NA |
| Black not Hispanic | NA | NA | NA | NA | NA | NA | NA | NA |
| Hispanic | 492 | 140 | 28.5% | 952 | 239 | 25.1% | 33.5% | No |
| White not Hispanic | NA | NA | NA | NA | NA | NA | NA | NA |
| Students with Disabilities | 32 | 0 | 0.0% | 66 | 0 | 0.0% | 31.8% | No |
| Economically Disadvantaged | 399 | 93 | 23.3% | 770 | 162 | 21.0% | 34.8% | No |
| Limited English Proficient | 116 | 12 | 10.3% | 198 | 20 | 10.1% | 29.7% | No |

Mathematics Proficiency

| Group | WSAS Proficient or Advanced | | | | | | AMO Target | Met Target |
|----------------------------------|-----------------------------|-------------------------|---------|-----------------------------|-------------------------|---------|------------|------------|
| | 2013-14 | | | 2012-13 and 2013-14 Average | | | | |
| | Students Tested | Proficient and Advanced | Percent | Students Tested | Proficient and Advanced | Percent | | |
| All Students | 510 | 271 | 53.1% | 985 | 527 | 53.5% | 56.0% | Yes-CI |
| American Indian or Alaska Native | NA | NA | NA | NA | NA | NA | NA | NA |
| Asian or Pacific Islander | NA | NA | NA | NA | NA | NA | NA | NA |
| Black not Hispanic | NA | NA | NA | NA | NA | NA | NA | NA |
| Hispanic | 491 | 259 | 52.7% | 951 | 506 | 53.2% | 46.2% | Yes |
| White not Hispanic | NA | NA | NA | NA | NA | NA | NA | NA |
| Students with Disabilities | 32 | 1 | 3.1% | 66 | 6 | 9.1% | 43.0% | No |
| Economically Disadvantaged | 398 | 199 | 50.0% | 769 | 389 | 50.6% | 47.4% | Yes |
| Limited English Proficient | 116 | 44 | 37.9% | 198 | 89 | 44.9% | 44.7% | Yes |

Notes

- Under Met Target, "Yes-CI" stands for Yes - Confidence Interval, meaning the group met its AMO target within a 95 percent confidence interval.
- Two-year average is only calculated when both years meet the group size requirement.

- Notes**
- The attendance rate goals for the All Students group are an attendance rate of at least 85% or at least 0.1% improvement. If either goal is met, then the AMO is met.
 - The Graduation Rate Annual Measurable Objective (AMO) is based on four goals: 1) Four-year cohort graduation rate goal of 85% (most recent year or combination of two most recent years); 2) Four-year cohort graduation rate improvement target; and 3) Six-year cohort graduation rate goal of 85% (most recent year or combination of two most recent years); and 4) Six-year cohort graduation rate improvement target. If any one of these goals is met, then the AMO is met.
 - The Attendance Rate AMO is only applied when the Graduation Rate AMO is not applicable.
 - NA indicates that the student group is too small to receive an AMO determination.
 - For more information about Annual Measurable Objectives see: <http://oea.dpi.wi.gov/acct/amo>.
